At this point the Ciemson committee called as down from the wall and requested that I notocies to Col. Syrmyer for my language to land adving the unpleasant conversation that aspected in Gen. Jones presence. They taked that he assured them that what he had add to me had not been a threat and that I, aving acted under that impression, should pologies to him in person, which I consented to do.

After some consultation, the two commitset reported that as there was an emblem of
such college on the transparency no diagrace
or is attach to either should the transparenp be hurned by both, and that the burning
if the intadparency should be a piedge on
he part of sech student body that all trouble
and sammatiy would be burned with it.
This proposition was submitted to the Caroina students by me on behalf of the commitce and they were reluctant to accept. I
upod them to aside by the action of the
summittes which they had appointed on the
round that our faith was piedged to do so.
The life Carolina students, realizing that
hey were in honor bound to do this, consentdistrated, and the committees burned the
masparency in the presence of the two
todant bodies. Then the crowd dispersed.
Later in the evening I went to Col. Sirmyer
and apologised to him.
The above is a candid statement of the
soin. As the colleges are both State institutions it seemed right to us in justice to each
did that matter accurately.

For some time the business people of Charleston have been trying to get into closer touch with the up-country. The Southern Railway, responsive to this request and to bind the two sections, has announced a new train which will leave Charleston every morning at 2.20 o'clock and make a fast schedule for the up-country.
